Confidence in Motion

2020 LEGACY

LEGACY PREMIER

The all-new 2020 Legacy is set to shake up the mid-size sedan segment just as it did when it debuted 30 years ago, and comes loaded with content and competitively priced. The seventh-generation sedan marks the return of the turbocharged Legacy GT, with 260 horsepower and 277 lb-ft of torque sent to all four wheels via Subaru's legendary Symmetrical Full-time All-Wheel Drive.

- Legacy comes well equipped with standard features, including the award-winning EyeSight® driver-assist system, as well as automatic climate control, heated seats and more.
- Seventh-generation sedan is the first to introduce Subaru's newest infotainment system, which runs through dual 7-inch touchscreens or an available tablet-style 11.6-inch touchscreen.

LONGEVITY

- Subaru offers an industry-exclusive comprehensive extended maintenance schedule all the way up to 500,000 KM.
- It still stands that no other manufacturer of consumer vehicles offers this length of maintenance schedule.
- Fully 98.3% of our vehicles sold in Canada over the last 10 years are still on the road today.

Based on IHS Markit Vehicles in Operation as of June 30, 2018 for Model Years 2009 to 2018 vs Total New Registrations of those vehicles. Actual longevity of any car will vary based upon operating conditions.
